

Nurse Unit Manager – Perioperative Services

Full time

We have an exciting opportunity for a motivated and proactive Perioperative Manager, who has a passion for providing exceptional customer focused care, to be the leader of our perioperative services team. The person will report to the Director of Clinical Services.

Shellharbour Private Hospital is an acute surgical facility, comprising of 3 operating theatres, a new 4-bed HDU and rehabilitation centre. We specialise in the delivery of General, Urology, Gynaecological, Orthopaedic, Endoscopy, ENT, Dental, Plastic and Reconstructive Surgery. We are a 56-bed facility, delivering specialised surgical, medical and rehabilitative care to the Illawarra and South Coast. The hospital has an excellent reputation in providing high-quality patient-centred care to the local community and we're looking for a clinical leader who will be dedicated to continuing the growth of this exceptional level of care.

We offer a supportive environment for our employees with a strong commitment to ongoing education and professional development. This position provides an opportunity for the successful applicant to build on their strong perioperative experience and refine their demonstrated leadership skills with the support of an experienced executive.

Position Responsibilities

- The position is responsible for providing leadership and direction to the perioperative team that complements the strategic direction, operational processes, budget and business direction of the hospital.
- You will provide operational direction for the unit to ensure efficient and effective management of the area and coordinate the delivery of nursing care that is evidence based.
- You will be accountable for the effective management of human, financial and material resources and ensure customer service is maintained at optimal levels.
- You will foster positive and supportive relationships with both internal and external customers.

Skills and Experience

- An exemplary professional role model
- Registration with AHPRA as a Registered Nurse, Masters Health management or equivalent
- Prior experience as Theatre Manager, Floor Manager or shift co-ordinator
- Exceptional interpersonal skills, leadership and communication
- Can demonstrate the ability to manage challenging situations
- Proven ability to establish and maintain effective working relationships with a range of stakeholders
- Ability to plan, develop, implement and evaluate a continuous improvement / risk management program
- Has the ability to manage resources within the perioperative setting
- Evidence of supporting the establishment of new clinical services
- Evidence of leading accreditation within the surgical environment
- Sound IT skills in MS Office Suite
